for the U.S. District Court for the District of Columbia**

PACER Information

Online access to court records can be obtained through **PACER (Public Access to Court Electronic Records)**. PACER contains docket sheets for nearly all civil and criminal cases filed in the federal court in the District of Columbia since 1970. In addition, the system provides access to civil case documents since January 2004, and most criminal case documents after March 15, 2005.

Fees apply for most documents (currently 10 cents per page with a maximum charge of \$3.00 per document). For further information on obtaining a PACER account or questions regarding PACER fees, contact:

PACER Service Center
P.O. Box 780549
San Antonio, TX 78278
(800) 676-6856 or (210) 301-6440
<http://www.pacer.gov>

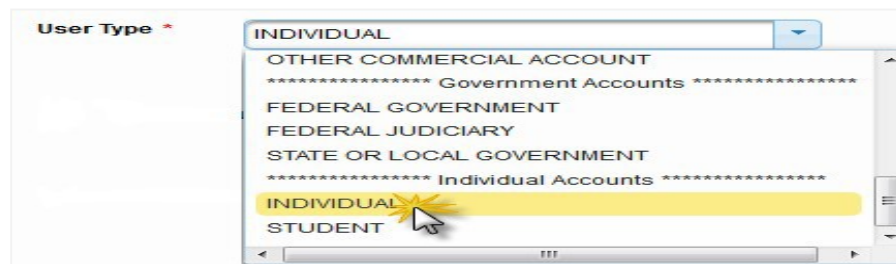

Members of the media may receive email notification of filings in individual cases. To establish an email notification account, media members must have a PACER account. Please review the instructions that follow.

Application for Media Accounts (if you DO NOT yet have a PACER account)

1. Navigate to www.pacer.gov
2. Click REGISTER

3. Select Non-Attorney Filers and Click Register Now
4. Complete the registration form. In the Firm/Office field you MUST put the Media Organization for whom you are employed. Failure to do this will delay the processing of your request. Select INDIVIDUAL as your user type. Click Next when finished.

5. Create a Username and Password, and select Security Questions. Click Next when finished.

The form has several fields: 'Username' (with the value 'attorneyb'), 'Password', 'Confirm Password', 'Security Question 1' (with the value 'What is your best friend's first name?'), 'Security Answer 1' (with the value 'Mary'), 'Security Question 2' (with the value 'In what city or town was your first job?'), and 'Security Answer 2' (with the value 'Minneapolis'). There are also buttons for 'Next', 'Back', 'Reset', and 'Cancel'. A yellow callout box on the right side of the form contains the following text: 'Your password must be between 8 to 45 characters long and contain at least one lowercase letter, one uppercase letter, and one special character. Pay attention to the password strength meter. NOTE: It cannot contain any parts of your First Name, Last Name, Username or Email address.'

6. Enter payment information if desired. Please note: Providing a credit card is optional. If you submit your registration request without providing credit card information, you will receive an activation code by U.S. mail in 7-10 business days.

Use of the Docket Activity Report

The Docket Activity Report can be used to provide members of the media with a Virtual Press Box of documents filed with the court for any day, or during any date range, with convenient links to the documents themselves. A search of documents may be narrowed to documents filed in a specific case. **(NOTE: Applicable PACER fees apply).**

For example, to obtain a list of documents filed from May 28th to May 31st, 2007, the user would follow these steps:

1. Log into the Court's ECF system using your ECF media account or PACER account.
2. Click **REPORTS** on the blue menu bar.
3. Select **Docket Activity**.
4. The user will be required to enter a PACER password in order to see the report.
5. The **Docket Activity Report** screen (**Figure 2**) provides a variety of selection criteria (e.g., Case number, Office, Case Type, Event Category, Case Flags, etc.). The default values should remain the same. The user should only change the items necessary to narrow the focus of the cases he or she wishes to see. In this example, only the date range needs to be altered.
 - a. To obtain the cases filed on January 1st through January 31st, change the date to read: "Filed between 1/1/2013 and 1/31/2013."
 - b. **Tip:** For cost effectiveness, leave the default to **Summary text**, as running a report with **Full docket text** will produce a lengthier report.
6. Click [**Run Report**].
7. The system provides the user with a list of documents entered in the system on those dates.
8. If the user were looking to find orders, he or she would choose in the event category – Order.

NOTE: In the event category, the search can be narrowed for a single case by selecting one, or more categories. To capture all events on a given day, the user should let the report default. The following are categories that can provide certain information for a single case or all cases.

- | | |
|----------------|---|
| • answer | all civil answers |
| • appeal | all civil appeals |
