QUERY MENU

Introduction

Registered participants should use the query feature to search the ECF system for specific case information. To enter the query mode, click **Query** on the **blue** menu bar of ECF.

ECF opens the **PACER Login** screen. You must enter your **PACER** login and password before ECF permits you to query the ECF database.

> **Note:** Your PACER login and password are different from your ECF login and password. You must have a PACER account in order to retrieve, view, and print most documents. You will be charged a fee of $.10 per page to access documents, docket sheets, etc., from ECF.

Selecting a Case or Party to Query

After you enter your PACER login and password, ECF opens a **Query** data entry screen as shown in Figure 1. Queries can be run by entering a case number or any combination of the following: Case Status, Filed Date, Last Entry Date, Nature of Suit, Cause of Action, Last/Business Name, First Name, Middle Name, Type, Prisoner ID.

If you know the number that the Court has assigned to the case, enter it in the *Case Number* field and click **[Run Query]**. ECF opens the **Query** screen shown in Figure 3.
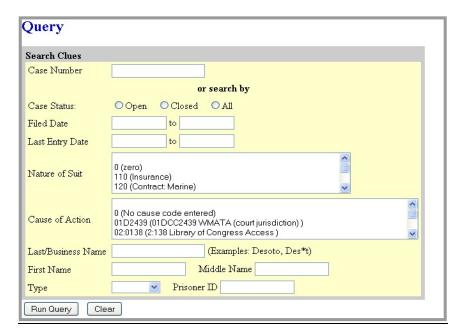

Figure 1

Also, you may query the ECF database by the name of a party or an attorney in the case. Enter the name of the party in the *Last/Business Name* field in Figure 11. If more than one party with that name is in the database, ECF returns a screen from which to select the correct name (Figure 2).
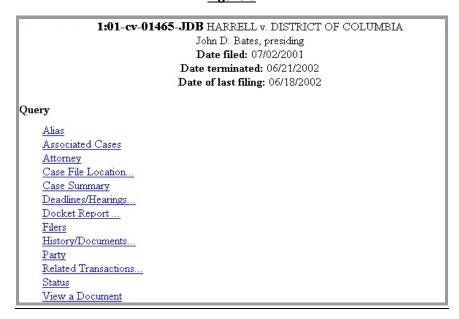

When you click on the name of the party (Figure 2), ECF will open the **Query** screen shown in Figure 3. If the individual is a party to more than one case, ECF will show a listing of all the party's cases. Click the case number hyperlink and ECF opens the **Query** screen shown in Figure 3.

Figure 2

After querying the database by case number or by name, ECF opens the **Query** window for the specific case you selected (Figure 3). (**Note:** Appropriate PACER charges apply).

Figure 3

At the top of the query window, ECF displays the case number, case caption, presiding judge, date that the initial claim was filed, and date of the last filing for the case. You may choose specific case

information from a large list of query options by clicking on the appropriate link. The following paragraphs describe some of the available case-specific query options.

Attorney

Selecting **Attorney** displays the names, addresses, and telephone numbers of the attorneys who represent each of the parties in the case.

Case Summary

Selecting **Case Summary** provides a summary of current case-specific information as represented in Figure 4.
