~~The taking of photographs and operation of tape recorders inside the United States Courthouse and radio or television broadcasting from inside the courthouse during the progress of or in connection with judicial proceedings, including proceedings before a United States Magistrate Judge, whether or not court is actually in session, are prohibited. A judge may, however, permit (1) the use of electronic or photographic means for the presentation of evidence or the perpetuation of a record, (2) the broadcasting, televising, recording, or photographing of investiture, ceremonial, or naturalization proceedings, and (3) the videotaping or audio-taping of educational programs with prior approval of the Chief Judge and under such conditions as he or she may prescribe. The use of the above equipment is permissible within a judge's chambers at the discretion of the judge. Contents of official tapes that are made as part of the record in a case will be treated in the same manner as official stenographic notes.~~

Such activities are also prohibited generally in the courthouse, regardless of whether court is in session. See *Electronic Device Policy of the U.S. Courts of the D.C. Circuit*.
